**Subject:** RE: Pond D Toe Drain Sampling Results

Thanks John. I spoke with Reuben and will get back to the team shortly. Thanks.

Sincerely,

**Scott C. Quinlan, PE**

Scott,

You may want to call Reuben (252)578-7112. I think he and the station have been discussing a setup to pump this water.

Thanks

John Glover

Scott,

The results look good for the toe-drain. Based on the pending permit though we will have to redirect this flow back to the D pond. Would you be able to come up with a quick design that is agreed to by PGE so Glover Construction can install. I think we will have a little time after the water board meeting to implement, but we will need to move as quickly as possible.

Thanks,

*Mike Glagola*

Ken:

As requested, the table has been edited and a copy attached for your use. We will continue to update the table as additional sampling data is received. Let me know if you need anything else. Thanks.

Sincerely,

**Scott C. Quinlan, PE**

**Subject:** RE: Pond D Toe Drain Sampling Results

Scott,

I think we should change the title of the table to "Possum Point Toe Drain compared with Draft Limits for Outfall 010". I think we should also change the column heading "Pond D Outfall 010" to "Pond D Toe Drain". Outfall 010 consists of both the toe drain and stormwater, and these data are for the toe drain only.

Ken

**Subject:** Pond D Toe Drain Sampling Results

All:

As discussed during our call today, I have attached the initial round of sampling results for your review. Contact me if you have any questions. Thanks.

Sincerely,

**Scott C. Quinlan, PE**
